

ASK Chemicals Group welcomes Andrea Bauer as new Chief Financial Officer

Hilden, November 10, 2023 - ASK Chemicals Group is pleased to announce the appointment of Andrea Bauer as new Chief Financial Officer (CFO) effective November 1, 2023.

With a distinguished career in finance and a background as a tax advisor, as well as being a German and US Certified Public Accountant (CPA), Andrea Bauer brings a wealth of expertise to her new role at ASK Chemicals. Her journey in the world of finance began at Price Waterhouse in Düsseldorf and Paris, followed by 3 years with KPMG in New York. After returning to Europe, Andrea held various key executive and non-executive board positions of renowned companies, including three Private Equity portfolio companies. Most recently, she served as a member of the Executive Board and CFO of Nobian B.V. Andrea Bauer continues to chair the audit committee of technotrans SE and serves as a non-executive supervisory board member.

Frank Goede, CEO of ASK Chemicals Group: "Andrea is an accomplished executive with a proven track record in the world of finance. We are extremely excited to have Andrea on our management board. Her knowledge and experience in business and financial matters will be of greatest value to our organization as we continue to strengthen and grow ASK Chemicals."

ABOUT ASK CHEMICALS:

ASK Chemicals Group, headquartered in Hilden near Düsseldorf (Germany), is a global supplier of high-performance industrial resins and materials. The company's products are mainly used in foundries and in the production of abrasives, friction, refractories, impregnation, coatings, insulation and composite materials.

The Foundry division offers an exceptionally wide and innovative range of foundry consumables including binders, coatings, risers, filters, release agents as well as metallurgical products such as inoculants, inoculation wires and master alloys for iron casting.

The Industrial Resins division is a leader in the field of specialty phenolic resins. Our phenolic resins are the preferred choice when it comes to meeting the highest requirements in the areas of fire protection, energy consumption, service lifetime, health and safety at work.

The company has a production and sales network in 22 countries and employs approximately 2000 people worldwide. ASK Chemicals Group sees itself as a driving force of industry-specific innovations with research centers and laboratories in Europe, Asia, America and Africa.
