

ECOPART 102 C

Special release agent concentrate for all core and mold making methods

Product Properties

ECOPART 102 C is a high-quality release agent with 90 % active ingredients. It is not flammable and does neither contain chlorinated solvents nor substances that may damage the ozone layer. ECOPART 102 C is very effective and therefore should be applied sparingly – either by brush or with a special spraying technique.

After reaching step # 6, further tests under lab conditions are no longer possible

Analytical values

- Blend of liquid special silicones and additives
- State: Liquid
- Color: clear or slightly opalescent
- Odor: typical
- Solids content: approx. 100%
- Density[25 °C]: 0.97 g/cm³
- Flash point DIN 51755: approx. 79°C

Storage & Handling

- Product Storage Conditions: 24 months under normal conditions

ECOPART 102 C

Packaging:

Canister: 10 kg

Steel can: 20 kg

Drum: 200 kg

- Keep away from sources of ignition
- DO NOT SMOKE
- Provide good venting
- Keep container well sealed and protected from moisture
- An occasional clouding of the material is product related and does not hamper the product efficiency.
- Labelling: Please refer to the Safety Data Sheet
